Setting \_\_\_\_\_

Introduction - What is this book about?

---

---

---

Point-of-View - What are the pros and cons about this book being written from a third person point-of-view? How would it be different if it were written from a first person point-of-view?

---

---

---

Conflict - What are some of the problems that scientists are finding when studying different species? What is the impact of global warming on our planet?

---

---

---

---

---

---

---

Rising Action - How do some scientists and students go about solving problems?  
How are the planet's problems beginning to change as people become more aware of the effects of global warming?

---

---

---

---

---

---

---

---

Discovery - What are some of the things that you have learned from this book?

---

---

---

---

---

---

---

---

Climax - What can you do to help our planet?

---

---

---

---

---

---

Falling Action - How are some of the problems already being resolved?

---

---

---

---

---

---

---

---

Resolution - Explain what ultimately will happen if we don't take care of our planet.

---

---

---

---

---

---

---

---

What did you like best about this book? What did you like the least?

---

---

---

---

---

---

---

---

If there was one thing you could change or add to this book, what would it be?

---

---

---

---

Would you recommend this book for others to read? Why or why not?

---

---

---

---

---

---
